

# HP PageWide Managed Color MFP P77940dn

**A new era of low-cost colour, high productivity, and strongest security<sup>1</sup>**

HP Managed MFPs and printers are optimised for managed environments. Offering increased monthly page volumes and fewer interventions, this portfolio of products can help reduce printing and copying costs. See your HP Authorized Reseller for details.

Dynamic security enabled printer. Only intended to be used with cartridges using an HP original chip. Cartridges using a non-HP chip may not work, and those that work today may not work in the future. Learn more at: <http://www.hp.com/go/learnaboutsupplies>

## Affordable colour printing for every office

- Depend on lasting value. Get the results you expect for a game-changing low colour cost per page.
- Print even faster – and save even more per page – by setting this printer to General Office mode.<sup>2</sup>
- Help keep energy costs down with the most efficient MFP in its class.<sup>3</sup>

## Minimal interruptions. Maximum uptime.

- Minimise interruptions with an HP PageWide MFP designed for less maintenance than laser competitors.<sup>4</sup>
- Print speeds up to 50% faster than competitors – as fast as 60 ppm in colour and black-and-white.<sup>5</sup>
- Print Microsoft® Word and PowerPoint® files with a USB port that quickly recognises, formats, and prints.<sup>6</sup>
- Equip this HP PageWide MFP with a variety of accessories to meet the needs of your office.

## The world's most secure printing<sup>1</sup>

- A suite of embedded security features help protect your printer from being an entry point for attacks.
- Protect information on the MFP and in transit over the network.<sup>7</sup>
- Monitor activity to detect and stop attacks, then automatically reboot with run-time intrusion detection.
- Whitelisting checks firmware during startup to help ensure it's authentic, good code – digitally signed by HP.

## Designed with the environment in mind

- Conserve resources with HP PageWide – designed to use less energy than any laser MFP in its class.<sup>3</sup>
- This MFP meets rigorous standards for ISO class 5 clean rooms – perfect for sensitive environments.
- Help reduce your impact. Count on easy cartridge recycling at no charge through HP Planet Partners.<sup>8</sup>
- Keep noise to a minimum with an MFP designed to be quiet. Place it near people without disrupting work.

### Footnotes

<sup>1</sup> Based on HP review of 2017 published security features of competitive in-class printers. Only HP offers a combination of security features that can monitor to detect and automatically stop an attack then self-validate software integrity in a reboot. For a list of printers, visit <http://hp.com/go/PrintersThatProtect>. For more information: <http://hp.com/go/printersecurityclaims>.

<sup>2</sup> Comparison based on printing in Professional mode.

<sup>3</sup> Energy claim based on TEC data reported on <http://energystar.gov> as of February 2018. Data normalised to determine energy efficiency of in-class colour laser printers and MFPs with print speeds between 20–80 ppm as of February 2018. Subject to device settings. Actual results may vary.

<sup>4</sup> Fewer service parts claim based on HP analysis of leading in-class A3 colour laser printers and MFPs as of February 2018; calculations use publicly available and/or published manufacturer rated yields for long-life consumables and assume 600,000 pages printed (using a 60% black/40% colour ratio). Learn more at <http://hp.com/go/pagewideclaims>.

<sup>5</sup> Comparison of HP PageWide A3 devices with leading in-class colour ink/laser MFPs (€2,820–€11,199), and colour ink/laser single function printers (€1,410–€4,599) as of February 2018; market share as reported by IDC as of Q3 2017, excluding other HP PageWide products. HP PageWide speeds based on General Office mode and exclude first page. Learn more at <http://hp.com/go/printerspeeds>.

<sup>6</sup> Feature works with Microsoft® Word and PowerPoint® 2003 and later. Only Latin language fonts are supported.

<sup>7</sup> Some features require additional purchase. A FutureSmart service pack update may be required to activate security features. Learn more at <http://hp.com/go/printsecurity>.

<sup>8</sup> Program availability varies. For more information, visit <http://hp.com/recycle>.

### Technical specifications disclaimers

<sup>1</sup> Speed specifications have been updated to reflect current industry testing methods.

<sup>2</sup> No heating or fusing warm up time required

<sup>3</sup> Duty cycle is defined as the maximum number of pages per month of imaged output. This value provides a comparison of product robustness in relation to other HP LaserJet or HP Color LaserJet devices, and enables appropriate deployment of printers and MFPs to satisfy the demands of connected individuals or groups.

<sup>4</sup> HP recommends that the number of printed pages per month be within the stated range for optimum device performance, based on factors including supplies replacement intervals and device life over an extended warranty period.

<sup>5</sup> Speed specifications have been updated to reflect current industry testing methods.

<sup>6</sup> Based on standard ITU-T test image at standard resolution. More complicated pages or higher resolution will take longer and use more memory.

<sup>7</sup> All HP media listed as compatible with the printer in the HP PageWide Printing Supplies Compatibility Guide, regardless of weight, may be used

<sup>8</sup> With ink installed, no media in trays

<sup>9</sup> Power requirements are based on the country/region where the printer is sold. Do not convert operating voltages. This will damage the printer and void the product warranty. Power Consumption and Energy Star TEC values typically based on measurement of 115V device.
