

CREALITY

HP-TPU 3D Printer Filament

Εκτύπωση υψηλής ταχύτητας, υψηλή ευελιξία!

Το HP-TPU 3D Printer Filament ειδικεύεται βαθιά ανάπτυξη και στη γρήγορη εκτύπωση! Με καλή προσφερόμενη ρευστότητα, με το HP-TPU αποχαιρετάτε την ανεπαρκή εξώθηση. Προσφέρει γρήγορη ταχύτητα εκτύπωσης 120 mm/s ξεπερνώντας κάθε σας φαντασία.

Το HP-TPU αποτελεί μια ευέλικτη λύση εκτύπωσης υψηλής ταχύτητας, με το εφέ εκτύπωσης με kit άμεσης διέλασης της σειράς Creality να είναι καλύτερο!

HP-TPU

Flexible Filament

A new tactile experience

High flexibility
No deformation

No clogging
Smooth molding

High speed printing
Improved efficiency of
printing models

High toughness
Stable and fall-resistant

No warping
More refined models

Consistent filament diameter
 $1.75 \pm 0.05 \text{mm}$

Flexibility

The finished model has uniform color, elasticity, flexibility, smoothness and fineness

III

Deep Development, Fast Printing

Good fluidity for bidding, farewell to insufficient extrusion
The fast printing speed of 120mm/s is beyond your imagination
3-5 times faster than ordinary TPU printing speed

HP-TPU printing

Ordinary TPU printing

Flexible High-speed Printing Solution

The printing effect with direct extrusion kit of Creality series is better

Classic Colors: Black, White and Transparent

Product Parameter

Product name

HP-TPU filament

Recommended printing temperature

210-240°C

Recommended printing speed

30-120mm/s

Packing size

210*210*70mm

Wire diameter

1.75±0.05mm

Compatible models

Compatible with direct extrusion 3D printers

COMPANY INTRODUCTION

Shenzhen Creality 3D Technology Co., Ltd.

Creality 3D is an internationally renowned 3D printer manufacturer, national high-tech enterprise, and a pioneer in the R&D and mass production of FDM and resin 3D printers in China. Our company has been committed to applying 3D printers into market, delivering efficient and cost-effective integrated 3D printing solutions for individuals, families, schools and enterprises.

Headquartered in Shenzhen, Creality 3D has branches in Beijing, Shanghai and Wuhan, and cooperates with colleges and universities to build an industry-university-research teaching and internship base. We have a complete set of R&D, manufacturing and after-sales service system and strong technological strength. With a total area of 30,000m², a team of over 1,000 employees, and monthly production capacity of over 800,000 units, Creality 3D prides itself on its large-scale R&D center and 3D printing laboratories and Creality research institute. Coupled with modern production lines working for 24 hours nonstop and demanding quality control system, the excellent product quality is thus guaranteed from the source. The products have been sold to more than 100 countries and regions, and have been ranked in the top of the global 3D printer sales list for a long time.

With initial aspirations never faltered, sticking to "customer-first" service concept, Creality 3D will keep passing on the spirit of the 3D printing industry evangelist to make better quality 3D printers and provide best service, enabling people to enjoy the convenience of technology and contributing to the rise of China's intelligent
