Gaming Μικρόφωνα για streaming & podcasting

HyperX QuadCast

The HyperX QuadCast™ is the ideal all-inclusive standalone microphone for the aspiring streamer or podcaster looking for a condenser mic with quality sound. QuadCast comes with its own anti-vibration shock mount to help reduce the rumbles of daily life and a built-in pop filter to muffle pesky plosive sounds. Instantly know your mic status with the LED indicator, and simply tap-to-mute to avoid awkward broadcasting accidents. With four selectable polar patterns, this mic's prepared for nearly any recording situation and also features a conveniently-located gain control dial to quickly adjust your mic input sensitivity. The included mount adapter fits 3/8"

and 5/8" thread sizes and is compatible with most stands. The QuadCast S model provides RGB lighting and dynamic effects that are customizable through HyperX NGENUITY software.

The QuadCast family is certified by Discord and TeamSpeak™ so you can ensure that your microphone is broadcasting loud and clear for all your followers and listeners, and you can also monitor your mic in real time using the convenient headphone jack on the back of the mic. Compatible with PC, PS5™, PS4™, and Mac® as well as major streaming platforms like Streamlabs OBS, OBS Studio, and XSplit so you'll be able to deliver quality sound to anyone tuning in.

Features

Dynamic RGB lighting effects customizable with HyperX NGENUITY Software¹

Anti-Vibration shock mount

Tap-to-Mute sensor with LED indicator

Four selectable polar patterns

Mount adapter included

Convenient gain control adjustment

Internal pop filter

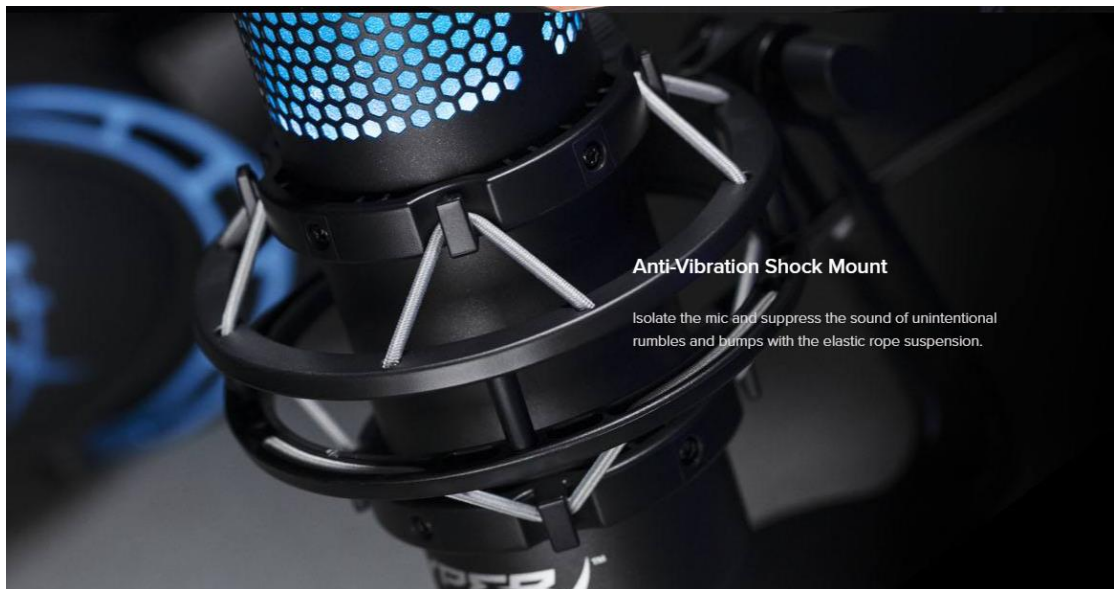

Built-in headphone jack

Multi-device and program compatibility

Four Polar Patterns

Choose between four polar patterns (stereo, omnidirectional, cardioid, bidirectional) to optimize your broadcast setup and keep the focus on the sounds you want to be heard.

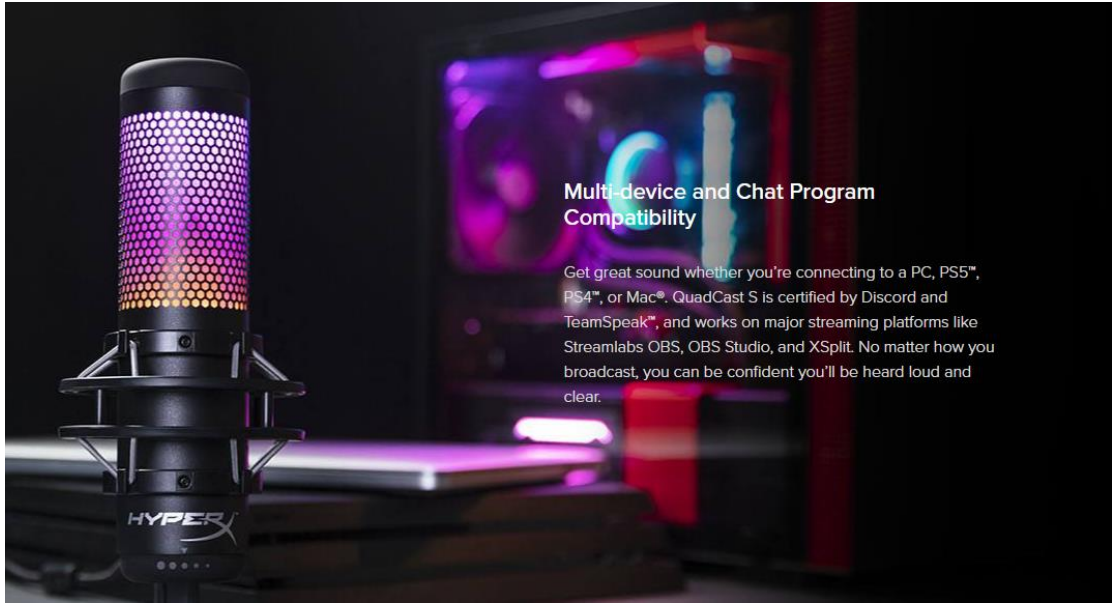

Understanding Polar Patterns

SYMBOL	SOUND DIRECTION	POLAR PATTERN	SCENARIOS
		Stereo	Vocals, instruments
		Omnidirectional	Multi-person podcasts, conference calls
		Cardioid	Podcasts, streaming, voiceovers, instruments
		Bidirectional	Face-to-face interviews

Gain Control Adjustment

Easily adjust your mic sensitivity by turning the dial at the bottom of the QuadCast.

Multi-device and Chat Program Compatibility

Get great sound whether you're connecting to a PC, PS5™, PS4™, or Mac®. QuadCast S is certified by Discord and TeamSpeak™, and works on major streaming platforms like Streamlabs OBS, OBS Studio, and XSplit. No matter how you broadcast, you can be confident you'll be heard loud and clear.

Built-in Headphone Jack

Ensure that you're sounding the way you want by monitoring your sound in real time with the 3.5mm headphone jack.

Mount Adapter Included

Versatile adapter fits 3/8-inch and 5/8-inch threaded setups, so it can be mounted onto most mic stands or boom arms.

Internal Pop Filter

The internal pop filter will help smooth out some of those pesky plosive noises that periodically punctuate your speech.

Great for WFH and Online Education

QuadCast's stellar sound quality, crystal-clear communication, and convenient tap-to-mute functionality are perfect for WFH conference calls and class lectures.

Accolades

“HyperX Quadcast S is as capable as it is eye-catching, giving online streamers and podcasters a high quality microphone with a lot of features to play around with.”
